February 2014

## **RE : Works completed by A.P. Lewis Ltd.**

I am happy to provide a reference for the works that were completed in our school in 2013 by A. P. Lewis. James Lewis was our project manager for our toilet refurbishment which also included re roofing. The site was well managed and our children's needs were always taken into consideration.

The project was completed within a week of the original estimate and kept within budget. The quality of the work completed was good and the company was always available to answer our questions and queries.

Kim Kirchin – Joint head teacher Studfall Junior School Corby.
